Wagon Wheel

Finished Block 10" Square

This hexagon block has been called the Wagon Wheel in the past, but when made with wintry fabrics it turns into an ice crystal.

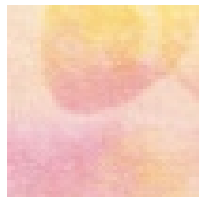

A

B

C

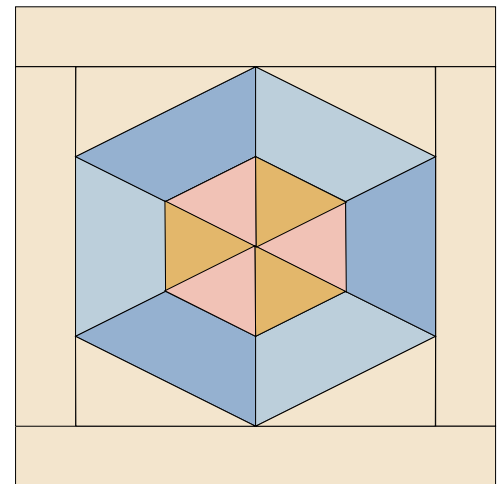

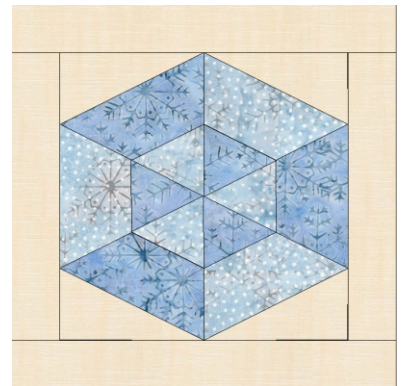

D

E

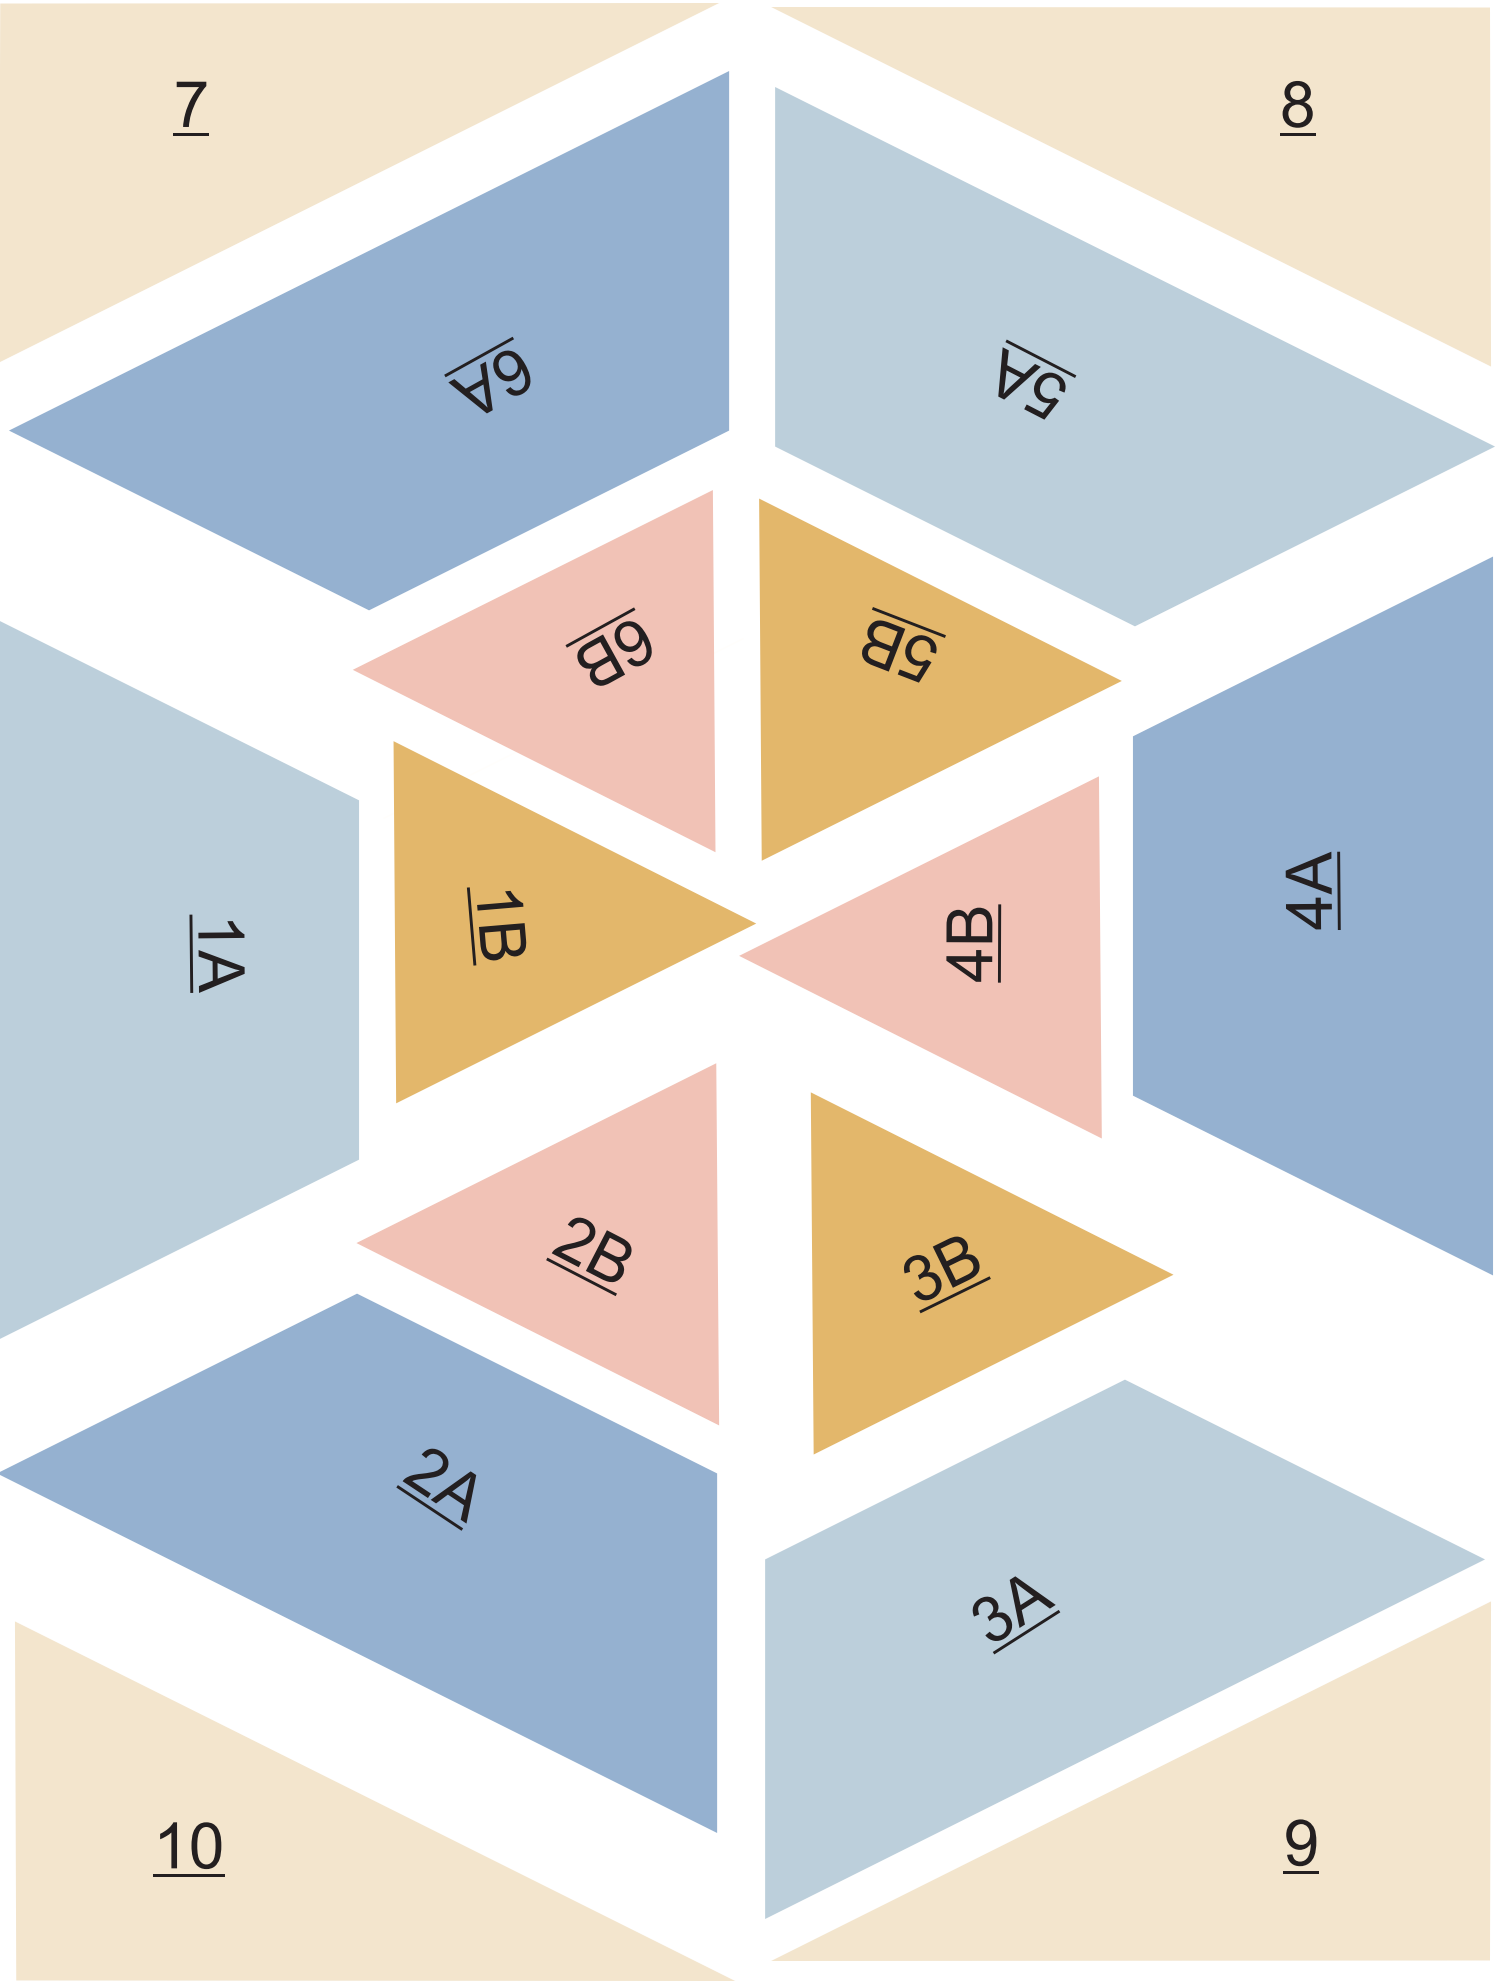

1/4 will be needed for fabric A.

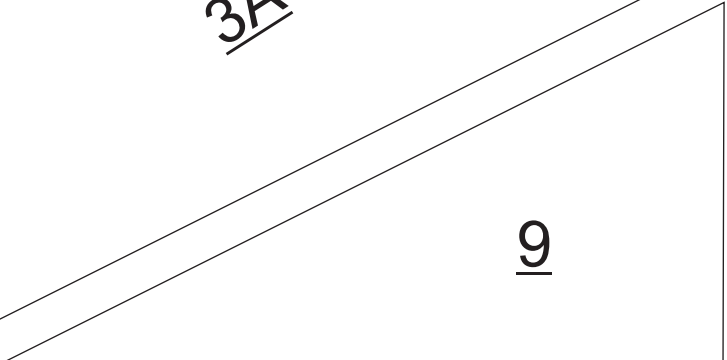

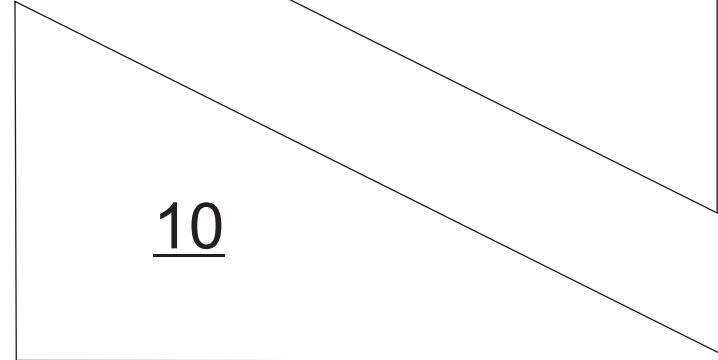

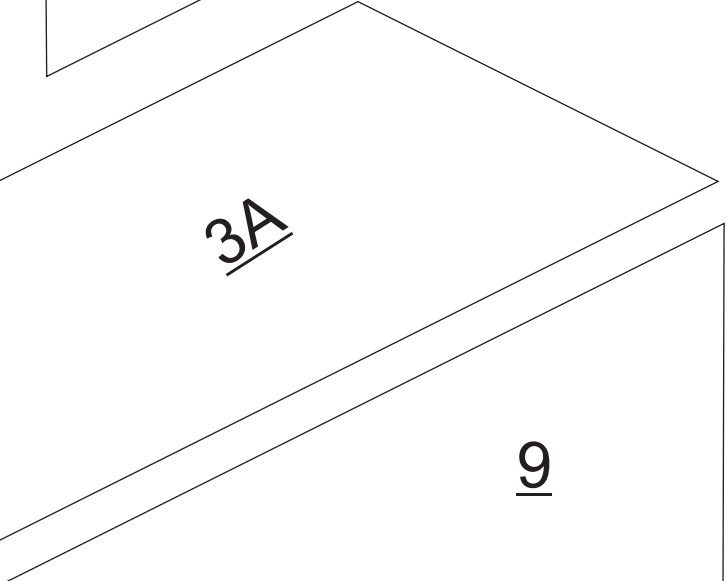

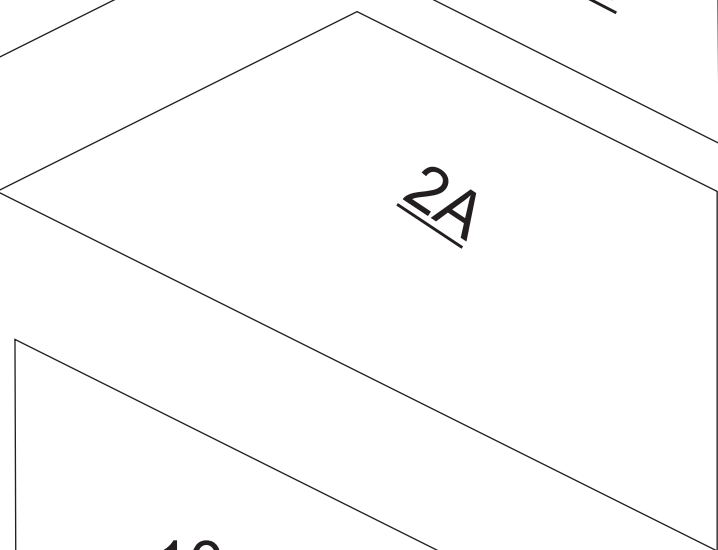

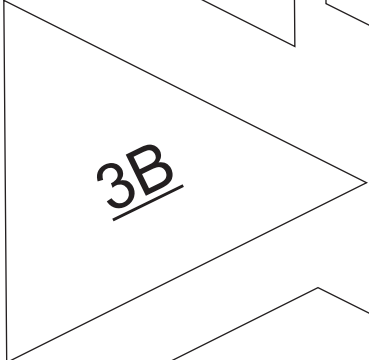

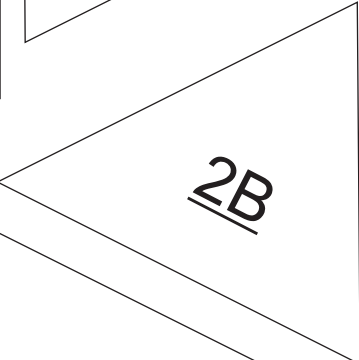

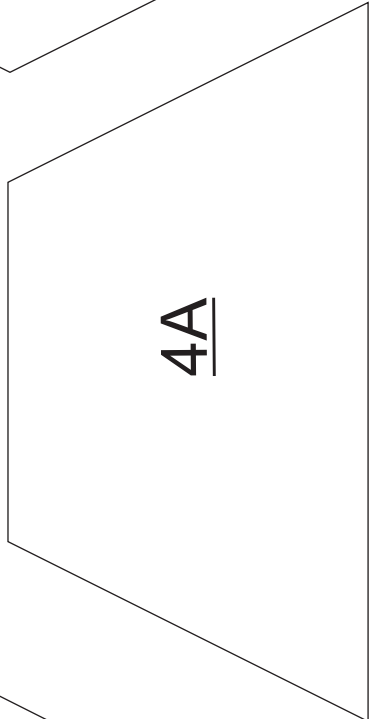

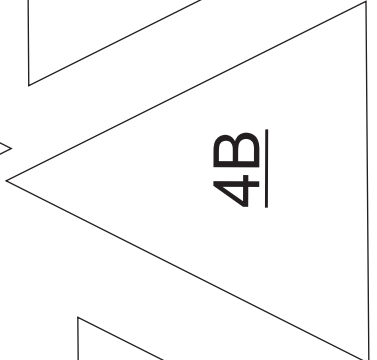

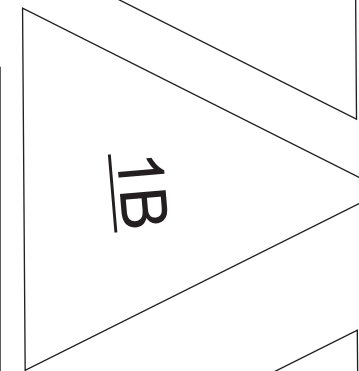

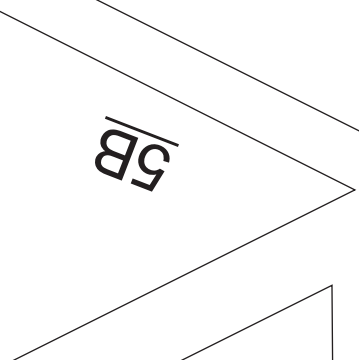

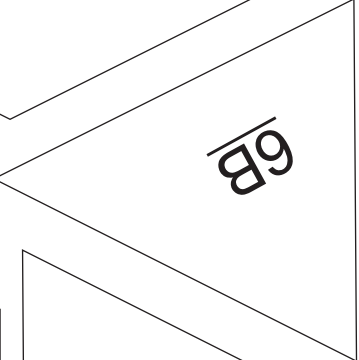

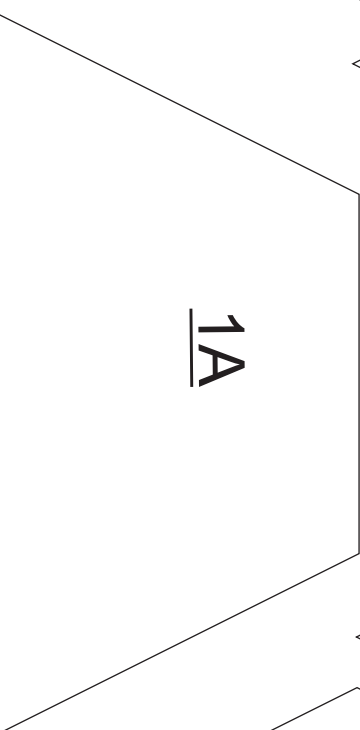

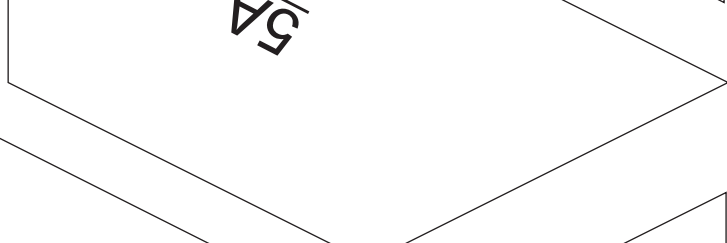

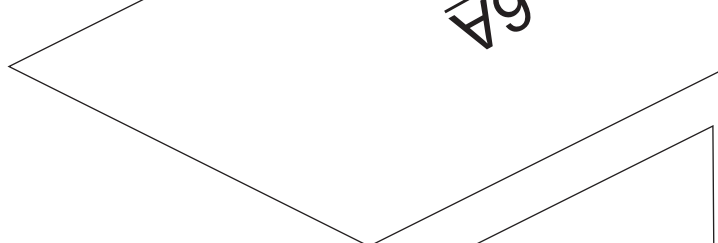

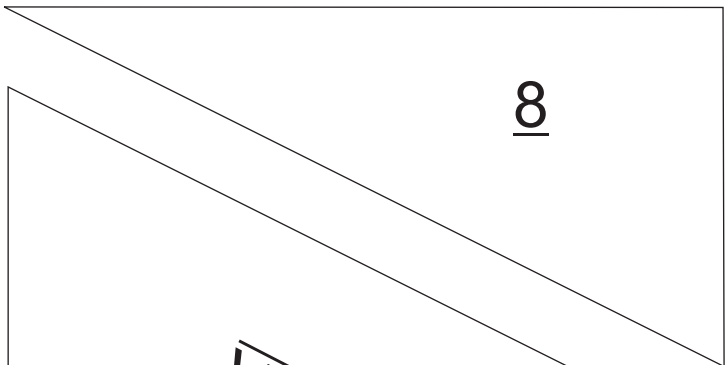

1/8 yard cut of fabric will be enough for fabrics B, C, D, E.

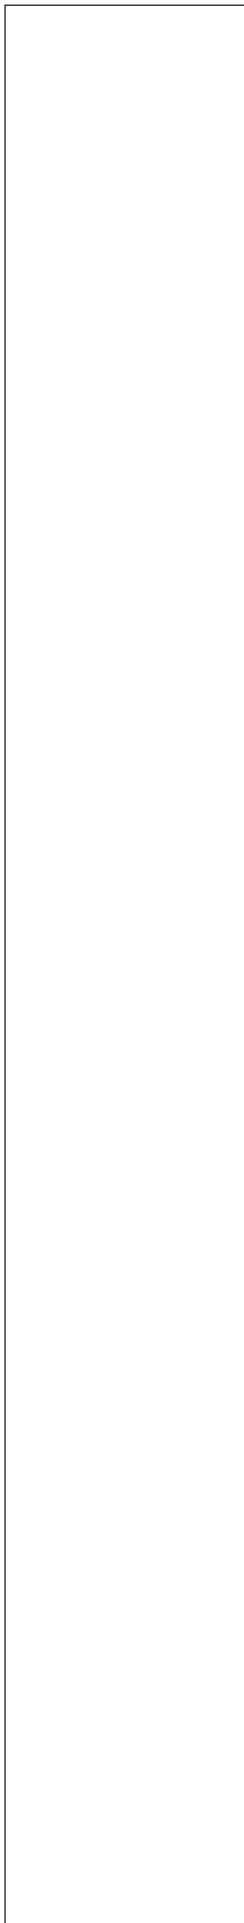

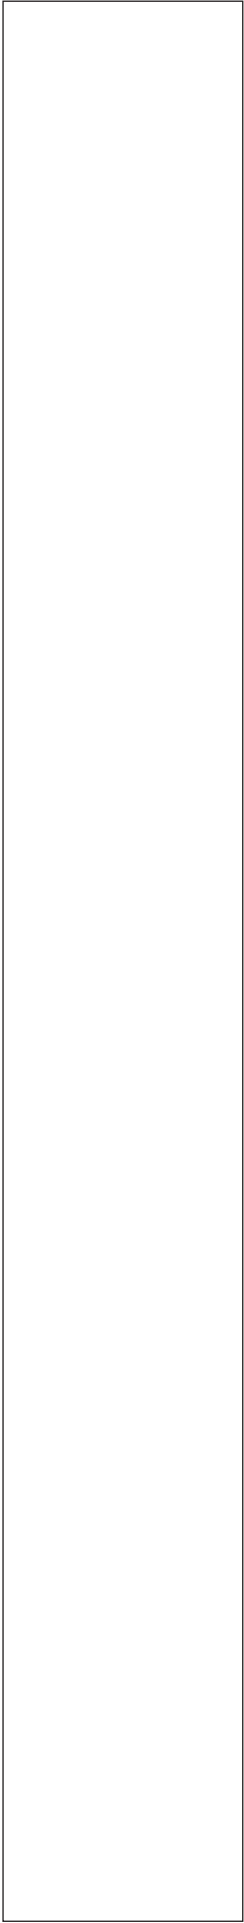

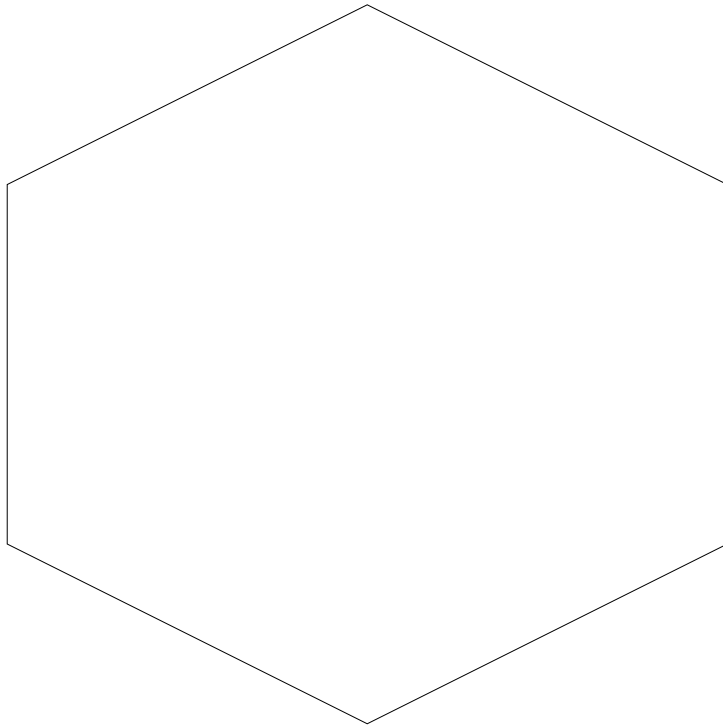

All template pieces on the following pages are drawn without seam allowances.

I have provided templates in color and in outline. You can use whichever you choose.

Plain center option that would make for a fun twist.
